

East Sussex Teacher Training Partnership

2019/20 Fact Sheet for Schools

The East Sussex Teacher Training Partnership seeks to promote excellence through a drive to sustain high quality provision and outcomes for trainees. The leadership of the programme is rooted in an accurate understanding of local, regional and national teacher recruitment needs.

Our principle is that training places should be filled by those best able to fulfil the requirements of the programme that leads to the award of Qualified Teacher Status and go on to become successful, high-quality practitioners.

Key facts about Initial Teacher Training

- ESTTP has over 15 years' experience as an accredited school-based Initial Teacher Training provider.
- The programme lasts one year, commencing in September. During the year your trainee will train alongside your experienced teaching staff, building up their teaching practice.
- Each week trainees attend focussed professional studies sessions and subject specific training sessions. A consecutive Key Stage experience and second school placement is arranged by the provider.
- Trainees are with you full-time when not at subject training sessions. They can be utilised for cover as they gain more experience with their class as appropriate.

Training Routes

Primary Tuition Fees - Fees are £7,500. Trainees can apply for a student loan or self-fund. There is no costs to the school/academy with a trainee on this route.

School Direct Salaried - Trainees will be paid as an unqualified teacher. The cost to the school will be 0.8fte, scale point 1 plus National Insurance and Pension contributions (approx. £20,000). A portion of funding (£5000) is allocated to hosting schools by the training programme to cover some salary costs.

Completion Rates

Over the last three years, East Sussex Teacher Training Partnership has exceeded national average percentage of trainees awarded QTS. 96% of trainees were awarded QTS in 2017/18. Of those, 92% achieved 'Good' or higher.

Employment Rates

100% of those that completed had secured a teaching post within 6 months of completing training. Again, exceeding national average percentage. Many trainees are employed by their placement schools for their NQT year. The course gives schools excellent recruitment opportunities and the ability to talent spot new staff.

Lead partnership training schools

- Iford and Kingston Church of England Primary School
- Manor Primary School
- Newick Church of England Primary School and Teaching School
- Robsack Wood Primary Academy and Teaching School
